Dear Friends

We are delighted to be hosting the European School of Internal Medicine once again in the UK, and this year it will be held in Brighton on the south coast of England.

As in previous years, we need the cooperation of National Societies of Internal Medicine to propose speakers, and to advertise the School to potential residents. The principle of applying through your Society is that it enables you to select young internists whom you think will benefit most from this educational experience. In order to plan effectively we would like some indication of your intentions at this stage:-

Potential Speakers: Complete Form A - please return as soon as possible.

I would like to hear from speakers who are interested to participate at ESIM. As you are aware, the travel expenses of Speakers will be the responsibility of their National Society, but ESIM will pay for up to 2 nights accommodation and all meals during their stay.

Sending Residents: Complete Form B – please return by 1st March 2010

We also need to know how many residents your National Society is hoping to send to ESIM. **This year we are limiting the number to 60 residents, with a maximum of 4 per country.** This is because of the development of the second School planned in Switzerland for early 2011. Ideally the young internists should be under the age of 36 years, fluent in English, and be towards the end of their training.

The registration fee will be 995 Euros per person which will include the following: accommodation for 6 nights, all meals, school facilities, internet access, and various social activities. The sponsoring National Society will also be responsible for paying the travel costs of each resident. You will receive the **registration form and link to online registration** when we receive your completed Form B (Intention to send residents).

The provisional programme is attached, and other preliminary information is available at the website:- <http://www.esim2010.org/> This includes links to last year's course held in London, and previously in Portugal, with presentations and interviews.

On behalf of the School can I thank you for your continued support. I look forward to hearing from you at your earliest convenience.

With best regards,

Chris Davidson
ESIM Director
